Notice of Regular Public Meeting and Agenda
Information Technology Authorization Committee
(ITAC)

Wednesday, December 13th, 2017
1:00 PM

Arizona Department of Administration, Room 101
100 N. 15th Avenue
Phoenix, AZ 85007

Pursuant to A.R.S. § 38-431-02, notice is hereby given to the general public that the Information Technology Authorization Committee will hold its regular meeting open to the public as noted above.

The agenda for the meeting (which is subject to change up to 24 hours before the meeting) is as follows:

AGENDA

I. Call to Order and Roll Call

II. Chairman's Welcome and Report

- a. Notes and News
- b. Follow-up Items from Last Meeting

III. Call to the Public

This is the time for the public to comment. Members of the Committee may not discuss or take any action on items that are not on the agenda. Members may direct staff to further research items for potential addition to a future agenda.

IV. Action and Informational Items*

*Any Item listed in this section may be acted upon by the Committee. In accordance with A.R.S. §38-431.03 (A) (2), (3) or (4), the Committee may vote to enter into Executive Session to discuss any agenda item. The executive session will be held immediately and will not be open to the public.

a. Approval of November 14, 2017 Minutes

b. EO18001 - Arizona Office of Economic Opportunity Arizona Workforce Evaluation Data System

Exhibit 2

The Arizona Office of Economic Opportunity is proposing to build a computing system called Arizona Workforce Evaluation Data System that combines data from education and workforce programs. Aggregate findings from such a system produce an important source of information for state policymakers, program administrators and the public. This system can enable State policymakers to design and fund programs that help people gain skills and move into sustainable jobs.

c. CH17002 – CHILDS Replacement Project and Demonstration Arizona Department of Child Safety (DCS)

Exhibit 3

As part of the core functions, the Arizona Department of Child Safety (DCS) caseworkers spend time to ensure the safety of children, strengthen families, and achieve permanency. The current system used for case management, federal reporting, and provider management is the Children's Information Library and Data Source, known as CHILDS. CHILDS was originally implemented in 1997, and due to the age, complexity, and inefficiencies, DCS is unable to provide the best support for the caseworkers or the children and families that they serve. This particular presentation from DCS will focus on the Firewall and Security Controls portion of their project, and their proposed solutions.

V. Adjournment

Next ITAC meeting is planned for Wednesday, January 24, 2018.
